

ring/include/ring_common.h

```
graph TD; A[ring/include/ring_common.h] --> B[stdint.h]; A --> C[inttypes.h];
```

The diagram illustrates a header file dependency. At the top, a gray box contains the text 'ring/include/ring_common.h'. Two blue arrows originate from the bottom center of this box and point downwards to two separate white boxes. The left box contains the text 'stdint.h' and the right box contains the text 'inttypes.h'. This visualizes that 'ring/include/ring_common.h' includes both 'stdint.h' and 'inttypes.h'.

stdint.h

inttypes.h
